SULZER IS CONFIDENT OF SUCCESS

Has Opened Headquarters in New York and Begins Campaign

HIS FRIENDS ARE ACTIVE

But are Confident of Success for Deposed Governor Who is Making Fight for Election as Member of the General Assembly.

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 22.—William Sulzer opened headquarters at a Broadway hotel today for his campaign to re-establish himself at the state capital. Informally, he plunged into the fight as soon as he stepped from a late train from Albany, last night, but from today on until election on November 4, he planned to conduct an organized campaign with his private secretary, Chester C. Platt, acting as manager for election to the state assembly.

His friends in the Sixth assembly district who succeeded in making him the nominee of the Progressive party ticket almost immediately after he was deposed as governor, shared his confidence of success.

The entry of the deposed governor into the local campaign which is already at a high pitch of excitement over the mayoralty contest, with charges of incriminations flying everywhere, promises to make the two weeks at hand one of the most stirring in a political way.

The Fusionists, seeking the election of John Purroy Mitchell, as mayor, are guarded in expressing enthusiasm over the entry of the deposed governor into the campaign, but they make no secret of their satisfaction over the fight which Mr. Sulzer has declared against Tammany Hall, the defeat of whose power the Fusionists profess to be their main object.

By installment, Mr. Sulzer continues to bring forth charges that Charles F. Murphy made threats to him while he was governor and that Edward E. McCall, the Tammany candidate for mayor, had acted as an emissary of the Tammany leader Mr. McCall has denounced the charges as falsehoods, while Mr. Murphy has preserved his usual reticence, declaring only that he will wait until Mr. Sulzer has finished all of his accusations before replying.

John A. Hennessy, who acted as a personal investigator for Governor Sulzer, has injected himself into the city campaign as one of the anti-Tammany orators. In a speech last night he charged that McCall acted as Murphy's mouthpiece and once told him "to carry to Sulzer the last word for Murphy of what would happen" if Sulzer did not withdraw from the Senate every nomination he had made. This, he said, was nearly two months ago.

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 22.—It was not until an early hour this morning that friends of the deposed governor allowed Mr. Sulzer to go to bed, so determined were they to acclaim him a hero or martyr. For nearly three hours after his arrival in the city a big crowd of his admirers cheered for him as they followed in a triumphal night tour through the East Side district where he reiterated in several short speeches that "the bosses" had removed him because he fought for the people instead of for them and pleaded for a seat in the assembly that he might renew his fight. The demonstration in his behalf moved the ex-governor to tears and he described his acclaim as the greatest moment of his life.

BOY ON WHEEL RUN DOWN BY AUTOMOBILE

Frank Slaughter, fourteen, son of Henry Slaughter of Linden avenue, was knocked from his bicycle in Mahoning street shortly before noon Tuesday when he was struck by an automobile. The boy escaped with a few bruises and scratches but his bicycle was wrecked. The name of the automobile driver was not learned but the number was secured by a witness to the accident. The lad was carried to a nearby home where an examination was made to determine the extent of his injuries. After recovering from the shock of the fright, the lad was able to go to his home alone.

Pultz, the only member of the family who would comment on the case, said that her son and his wife had been living apart for four or five months and that it had been expected legal action would be brought.

28 FORMER OFFICIALS INDICTED

(ASSOCIATED PRESS TELEGRAM)
St. Louis, Oct. 22.—Wholesale indictments against most of the members of the city administration of East, St. Louis which went out of office last spring were returned today by the grand jury that has been investigating charges of municipal irregularities.

Twenty-eight persons were indicted including twenty-four city officials. Among those indicted were Charles S. Lambert, former mayor, E. Fred Gerold, former city treasurer, and fourteen of the sixteen members of the city council of 1912.

Some of the men in the list are members of the present administration. The indictments were returned in the court of Judge William M. Vandeventer, East St. Louis and were the result of a long investigation by the grand jury.

About the same time a former member of the city council signed a sworn confession. Those indicted include: William R. Rodenburger, former city comptroller and John J. Faulkner, Lester J. LITTLE TOT TAKES HEADACHE PILLS AND COMES NEAR DYING

Thinking that the pretty pink tablets, which were in the attractive little bottle on the shelf were some tempting bits of candy, little Mable Dodson, the two-year-old daughter of Mrs. Dodson of Chatham at three of them and for a time her life was despaired of.

The tablets were Dr. Miles' antipain pills which were used in the Dodson home for headaches. They had been placed in the medicine cabinet and during the absence of the mother the tiny tot climbed on a chair and finding the bottle ate three of the pink tablets. She became ill and on telling what she had done the parents sent to Newark for Dr. W. S. Turner who was accompanied by Dr. Harry Postle. Those in the home gave first aid however and vomiting

was induced before absorption took place.

The ingredient in the tablets was acetanilide and owing to the amount taken and youth of the child, might have proven serious had it not been removed from the stomach. The child is recovering nicely today.

PRINCETON DEDICATES MEMORIAL

Grover Cleveland Memorial Tower the Gift of Country-Wide Contributions

FORMER PRESIDENT TAFT

Delivers Oration in Which He Expresses His Estimate of Cleveland—Gifts of \$2,850,000 Received by University.

(ASSOCIATED PRESS TELEGRAM)
Princeton, N. J., Oct. 22.—Princeton University's graduate college and the Grover Cleveland Memorial Tower, which is included in the architectural scheme of the college buildings, were dedicated today in the presence of a distinguished company of learned men from Europe and America. Gifts amounting to \$2,850,000 for the erection and endowment of the college enabled Princeton to realize an idea conceived twenty years ago—the housing of graduate students in a body.

The tower was presented to the university by the Cleveland Monument Association which received gifts for the memorial fund from all over the United States.

The presentation to the university memorial tower was made by Richard V. Lindabury president of the Cleveland Monument Association who said the funds for the memorial were contributed from all parts of the United States and by men of all parties and in all walks and conditions of life.

President Hibbin, in a brief address accepted the memorial on behalf of the university after which Professor William Howard Taft delivered a memorial address on Grover Cleveland.

Former President Taft's estimate of Grover Cleveland, as expressed in his oration, was as follows:

Mr. Cleveland was not a great lawyer; he was not a great economist; he was not a great orator; but he was a great president and a great man; and he was these because of the strong mind, clear intelligence and wide knowledge of affairs. He had the character, honesty, courage and sense of public duty which enabled him to meet great and critical issues without regard to personal consequences. When he was nominated for the third time for the presidency he was nominated against the will of the politicians and by a popular uprising in the ranks of the party. He was a partisan and believed in parties as every one must who wishes popular government to succeed; but he looked upon the party as an instrument of good government and when it was made an instrument to accomplish purposes disastrous to the public wealth he refused to follow it.

The party left him to embrace new doctrines whose support properly subjected it to a popular distrust which kept it out of power for three successive presidential terms.

"When he left the White House the last time it would seem that the bitterness of the enmity and open attack upon him by his former party associates would overwhelm him and that his leaving office without a party was a humiliation hard to bear. But as years wore on, in his disinterested retirement, in the great benefit wrought for this great university, and in the wide influence for good he exercised in the country, the whole public began to perceive with clearness the exceptional qualities of the man who had shown forth in crisis during his presidency. Now that the voice of partisan critics is still and the people could see him in due proportion with other men that took his place that he earned among the men entitled to the gratitude of their country.

At the close of the exercises Richard Cleveland a son of the former president released to the wind a flag that had floated over the White House during the second administration of Mr. Cleveland. A picture of Mr. Cleveland hanging in one of the halls of the graduate college was drawn with the flag which had covered his casket.

Mrs. Emmeline Pankhurst, Militant Leader, Happy as She Sailed Into New York Bay on La Provence

Mrs. Emmeline Pankhurst, the British militant suffragette leader, was happy when she sailed into New York on the French liner La Provence, for she did not for a moment believe she would be detained more than a few moments by the immigration authorities at Ellis Island. But as she was locked up there, her expression changed.

Mrs. Pankhurst has grown heavier in the face since she was last in the United States. And despite her hunger strikes, her face looks fuller and stronger.

(ASSOCIATED PRESS TELEGRAM)
Sparta, Wis., Oct. 22.—Z. C. Rice, city prosecutor of Sparta, who is to be married Saturday to Miss Olive Hemstock, was today called upon to issue a warrant for the arrest of his prospective father-in-law, David Hemstock, for violation of the ordinance requiring the weighing of coal on the city scales. Rice issued the required papers and declared he would prosecute the case to the limit. Hemstock prevented the situation becoming too embarrassing for his expected son-in-law by announcing that he would enter a plea of non-contumacious in justice court and then to appeal to the circuit court where the case will not be reached until the prosecutor and his bride return from their honeymoon.

The letter is signed by W. L. Parmenter and H. M. Donbert, chairman of the central and state executive committees respectively.

As chairman of the two committees and speaking for both bodies and Republicans of the state generally, we emphatically deny Governor Cox's right to interpret the Republican platform as against the universities, standing and sentiment of members of our party, says the statement. The right of Governor Cox to speak for the Democratic organization was not denied but protest against his right to interpret the Republican platform or policy.

"RITUAL MURDER" UNFOUNDED SAYS EX-POLICE CHIEF

(ASSOCIATED PRESS TELEGRAM)
Kiev, Russia, Oct. 22.—Further evidence implicating Vera Tcheberiak and her companions in the murder of Andrew Yushinsky was given today by Krassovsky, former chief of police, who took the witness stand when the trial of Belits was resumed. Krassovsky said that in the course of his investigation of the murder he had not found anything to show Belits' connection with the crime and his general suspicions of the Pridhivok had been soon allayed. He had "officially" concluded that the theory of ritual murder was unfounded, he said. In his testimony Krassovsky recounted a story told him by S. Shublo, a noted prisoner of Russia, one of Vera Tcheberiak's associates.

GERMAN CRUISER ARRIVES

MADERO BROS. ARRESTED

At Monterey Charged With Complicity in the Plot Against the Government Diplomatic Exchanges Between U. S. and England.

(ASSOCIATED PRESS TELEGRAM)
Vera Cruz, Oct. 22.—Felix Diaz landed here from the steamship Corcovado without hindrance at 11 o'clock this morning. He was cheered as he came ashore by several hundred people. He went immediately to the residence of his mother-in-law. He said in reply to inquiries that he would not withdraw from the presidential candidacy even though he were competing against the Huerta ticket.

An agent of the Mexican government called on Gen. Diaz while he was still on board the Corcovado and attempted to induce him to continue his voyage to Tampico, but General Diaz refused to do so.

(ASSOCIATED PRESS TELEGRAM)
Vera Cruz, Mex., Oct. 22.—The steamers Corcovado with General Felix Diaz on board, and the German protected cruiser Hertha arrived here almost at the same moment this morning.

The sending of German officers on board the Corcovado is explained by the fact that she is a German vessel and the commander of the Hertha intended to see that General Diaz was not molested so long as he remained on board.

(ASSOCIATED PRESS TELEGRAM)
Mexico City, Oct. 22.—Daniel and Evaristo Madero, brothers of the late president, have been arrested at Monterey, charged with complicity in a plot to turn over that city to revolutionaries according to dispatches printed in the newspapers here.

The two brothers are said to have been compromised by documents taken from dead rebels after a fight near Monterey.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 22.—Diplomatic exchanges between the United States and Great Britain's attitude in Mexico are likely to continue. Indications that Sir Lionel Carden, British minister to Mexico does not hold views in sympathy with the American policy toward the Huerta government had caused concern to the Washington government and while some officials declare that they are not seeking European support at this time, it was made plain that they did not desire that any factor should be injected into the situation at present from Europe that would in any way impede the efforts of the United States to deal with the Mexican problem.

The administration takes the view that as the "nearest neighbor" to Mexico, the United States should have a free hand in trying to bring about a pacification.

It is not unlikely, therefore, that the reported statement of the British minister that the United States did not understand conditions in Mexico will be the subject of further inquiry, with the possibility that the episode may bring out important developments. Officials declined to discuss Ambassador Page's cablegrams, but their dissatisfaction with the attitude of Great Britain is not concealed.

Diplomatic circles today took increased interest in the situation and many diplomats predicted the outcome. (Continued on page 10, col. 3)

CHARLESTON CLUB LOSES PENNANT WON BY 2 GAMES

Contests Stopped at End of Seventh Are Ruled to Be Contrary to Baseball Laws.

Huntington, W. Va., Oct. 22.—Directors of the Ohio State league made some baseball history here yesterday when they declined to credit the Charleston club with the two victories claimed from the two seven-inning games played on Sept. 21, the last day of the season, with Mayville. With these games thrown out, the percentage of the team dropped to .429, or three points below that held by Chillicothe, to which the championship was awarded.

Prior to action concerning these abbreviated games, the directors sustained unanimously the action of the league president in preventing the Charleston club from using in championship play infielder Hamilton who, prior to Sept. 1, had played with the Pensacola Cotton States league team and the Charleston South Atlantic league team.

Dr. R. Sterns, president of the Huntington club, was made chairman of the board of directors. President S. R. Sibaloff of Chillicothe and President R. R. Pennywitt of Charleston were barred

from voting in the protest case. In addition to Dr. Sterns, the decision was reached by votes of John Helbling of Ironton, Thomas Sheets of Lexington, James F. Summers of Mayville, John Dearmond of Hamilton and W. N. Gableman of Portsmouth.

Very brief was the general meeting of the league. Treasurer Carr's financial report, an unusually satisfactory one, was accepted and a fund provided to meet any expenses that may come up prior to the commencement of the 1931 season, in which the eight teams of the past campaign are expected to race.

President Pennywitt of the Charleston club, who lost the championship because of neglect to comply with the laws of baseball, declares that he will not take the case on appeal to the national board. His contention was that Umpire Bierhalter flatly refused to allow the games to continue beyond the seventh inning.

ELK INITIATION FOLLOWED BY A SOCIAL SESSION

Four Candidates "Ride the Goat" Minstrel Committee Appointed and Promise Great Entertainment.

An Elk initiation and social session were held Tuesday evening and a splendid time enjoyed by all present. Those inducted into the mysteries of Elkdom were George Davis, Ralph Moore, Taylor Kussman and Carl Schaller and right nobly did they perform the functions to which they were assigned. Mr. Davis rode the Elk goat in regular mustang fashion and proved that he was a performer of rare ability. Mr. Moore likewise proved himself an adept at taking hurdles but always landed safely. Mr. Kussman and Mr. Schaller proved expert bareback riders and did several thrilling acts that were hair raisers, but which were highly entertaining to their audiences. After the initiation an excellent luncheon was served prepared by Steward "Billy" Hohl, who has the knack of knowing just what will please a hungry Elk. His luncheon of last evening was highly complimented by all and Mr. Hohl overlooked none of the details.

During the business session preceding the initiation Exalted Ruler Frank S. Neighbor appointed Bernie Wanger, Jay Cooper and Harry D. Hale members of an Elk minstrel committee to arrange for the annual Elk minstrel. It is planned to give an entertainment this year that will far exceed that of any previous year and no pains or expense will be spared to make it one long to be remembered. New faces and new talent will be seen and all the latest song hits will be given. One hundred Elks will participate and the entire membership of the order will take part in the parade which will be headed by "Bob" Cheny, champion drum major of the state, directing Newark's famous Buckeye band. The minstrel will possibly occur soon after the holidays, the dates to be announced later.

Today in Pugilistic Annals

1765—Tom Johnson (Jackling) defeated Ryan, Irish champion, in 10 minutes in England. Johnson, who held the title from 1765 to 1791, was thirty-four years old when he became a professional fighter. He had been a porter on the London wharves. He was small for a heavyweight, weighing only 155 pounds, but for six years he whipped all the men brought against him. In the Ryan fight he was almost out in the first round, but immediately recovered. Later he fought Ryan again, defeated Isaac Perrins, the Birmingham giant, in a terrible fight lasting 62 rounds, but lost his title to Benjamin Brain in 1791.

Makes Good, Healthy Flesh

W. A. Erman Offers to Pay for Samose if it Fails.

Begin the use of Samose today, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power. Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an immediate improvement in general strength and health.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Newark, W. A. Erman, under his personal guarantee to refund the money if it does not give satisfaction.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before Breakfast if your Back hurts or Bladder bothers you.

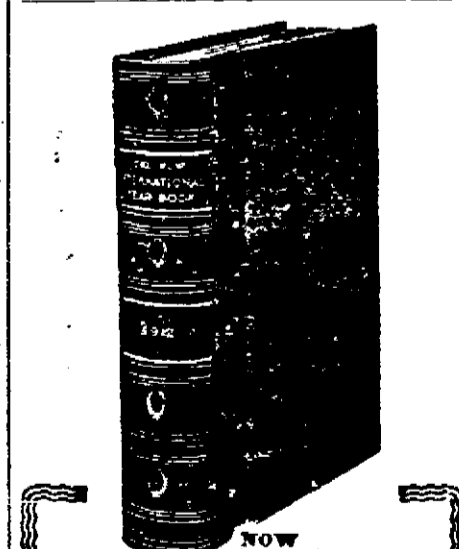

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid on stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

SCHOOL BOYS AND ALSO GIRLS GIVEN CREDIT

By Teacher for Church Home at
Home and the Home Works
Well in Wisconsin.

Do the Newark boys get up cheer-
fully in the morning and do their
chores? Do the girls of Newark help
their mothers without making a
face?

The answer is of course "yes" and
"no." Probably it is principally
"no." That's the way it was up in
Manitowoc, Wis., until recently when
a school teacher "did the trick" and
now the boys and girls of that town
are doing their full share of the work.
How did it all happen?

In the November Woman's Home
Companion appear accounts of sev-
eral public schools in the United
States where great progress is being
made. One of the stories told is the
story of a Wisconsin public school
teacher who gives his pupils school
credits for home work.

There is a country school in Mani-
towoc county, Wisconsin, where the
teacher, Mr. H. E. Antholz, has
introduced a thoroughly original
and practical course in manual
training and personal respon-
sibility. Mr. Antholz gives "school
credits for home work." That is, the
children do chores at home and get
credit for them at school. Each child
has a small memorandum book in
which he writes a list of the home
duties he performs, between 4 p. m.
and 9 a. m., and the number of credit
points received for each. This list,
which is kept "on honor," includes
sweeping, making a bed, preparing a
meal, baking a cake, baking bread,
scrubbing the floor, washing and
wiping dishes, milking, feeding
horses, cleaning the barn, cleaning
and currying horses, splitting and car-
rying wood, sleeping with open win-
dow, cleaning the teeth, coming home
with feet dry in wet weather.

At the end of each month the
names of the three pupils who have
the best records, with number of
points each received, are published in
the local paper. At the end of the
year the three pupils holding the
highest number of credits in each
class are awarded prizes by the school
board.

This scheme proved successful from
the beginning. Nearly all of the pu-
pils entered the contest at once and
the rest entered a little later. No one
dropped out.

NATIONAL COUNCIL BEGINS SESSIONS AT KANSAS CITY

(Associated Press Telegram)
Kansas City, Oct. 22.—The most
important conference of Congrega-
tionalists in a decade, began here
when Moderator Nehemiah Boynton
of Brooklyn, N. Y., called to order
the fifteenth triennial session of the
national council of Congregational
churches in the United States. Before
it has completed its sessions, which
will occupy nine days, the council
will have elected a new moderator
and adopted a new constitution con-
taining a national secretary to act in
advisory capacity to the church and
societies of the country and heard men
high in the service of the church re-
port and suggest methods for spread-
ing the doctrine of Congregational-
ism to all corners of the world.

An extensive movement concurred
in by churches of many denomina-
tions in America, to bring about an
amendment of the constitution of the
United States prohibiting the manu-
facture and sale, the importation and
exportation of intoxicating beverages
throughout the United States was re-
commended to the council by the
committee on temperance.

The report of the secretary showed
an increase in church membership
since 1910, of 7,451. There were thirty-
one more churches. Bénévolences
last year amounted to 2,362,500. There
are 6,664 churches in the United
States with a membership of 743,026.
The brotherhood of the church is now
engaged in a movement to draw
labor and capital closer together.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grand-
mother's recipe of Sage Tea and
Sulphur and nobody will know.

The use of Sage and Sulphur for re-
storing faded, gray hair to its natural
color dates back to grandmother's
time. She used to keep her hair beau-
tifully dark, glossy and abundant.
Whenever her hair fell out or took
that dull, faded or streaked ap-
pearance, this simple mixture was ap-
plied with wonderful effect.

But brewing at home is messy and
out-of-date. Nowadays, by asking at
any drug store for a 50-cent bottle of
"Wyeth's Sage and Sulphur Hair
Remedy," you will get this famous
old recipe which can be depended upon
to restore natural color and beau-
ty to the hair and is splendid for dan-
druft, dry, feverish, itchy scalp and
falling hair.

PEEVISH CONSTIPATED CHILDREN LOVE "CALIFORNIA SYRUP OF FIGS"

Marrowless "fruit laxative" cleanses tender stomach liver and bowels without griping.

Look at the tongue, mother! If coated, it is a sure sign that your little pig's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has stomach ache, sore throat, diarrhoea, full of cold, give a tea-spoonful of "California Syrup of Figs," and in just a few hours all

the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels and you have a well, playful child again.

You needn't coax sick children to take this harmless fruit laxative; they love its delicious taste and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Oct. 22.—Preliminary steps were taken today for the formation of a German-American economic association devoted to the cultivation of friendly relations between the two countries in the fields of business and economic politics.

The association is under the auspices of the Manufacturers League of Exporters to America and of the great shipping companies. It aims at a special German-American treaty and the protection of those German interests affected by the manner in which the administrative clauses of the new tariff law are enforced.

Guarantee Impoverished Mother a Regular Income

By ROBERT W. HEBBERD, Secretary of the State Board of Charities of New York

SOCIETY has millions to spend in drink and vicious living, in the dance and eating places of Broadway and other streets of our great cities, but so far as the pitiful, shrinking, sorrowing mother, with her children looking into her anxious, wondering eyes, is concerned the SPIRIT OF CHIVALRY SEEMS TO BE MORE OR LESS DORMANT.

So far as society generally, with its automobile parties, its tango dances and other revelries, practically cares, she may work herself to the bone, early and late, at home and in the factory; she and her children may go without suitable food and clothing.

Under our present inadequate system of charity many must go down and down practically without care.

WE WANT AND WE SHOULD HAVE A SYSTEM THAT WILL GUARANTEE THE PROPER RELIEF OF THE GOOD MOTHER WHO IS A WIDOW AND HAS YOUNG, DEPENDENT CHILDREN, WHICH WILL SEE THAT THE PUBLIC WHICH DOES NOT GIVE VOLUNTARILY AND SPONTANEOUSLY TO THIS CAUSE, WHILE IT SELFISHLY OR UNTHINKINGLY WASTES ITS MEANS IN EVERY KNOWN FORM OF EXTRAVAGANCE IS COMPELLED BY LAW TO DO ITS DUTY IN THIS CAUSE, A CAUSE OF THE MOST SUPREME IMPORTANCE IN THE WHOLE FIELD OF CHARITY.

ZEPPELIN AIRSHIP FROM WHICH 26 FELL TO THEIR DEATH IN GERMANY

The explosion of nearly a ton of gasoline on the New Zeppelin dirigible battleship while she was 900 feet in the air at the Johannisthal Aerodrome last Friday caused the death of twenty-six persons. This photograph is said to be the only one sent to the Auto Club of America shortly after the vessel was built. Many victims were members of the German Board of Admiralty who had been chosen to make the trial trip on the vessel.

PRONOUNCED VIEWS OF SENATOR BORAH ON THE MILITANTS

(Associated Press Telegram) Washington, Oct. 22.—Senator Borah of Idaho, has written the Woman's Political Union of Newark, N. J., he will not take part in any suffrage gathering where Mrs. Emmeline Pankhurst appears, without taking the opportunity to denounce militant methods. Responding to an invitation to speak in Newark Saturday night, Senator Borah wrote that if "the visitor, now seeking admission" should be present at the meeting, "or if the meeting itself should indicate any sympathy with her gospel of lawlessness and crime, I should feel compelled to express my views in plain and unmistakable terms."

BEECH WOODS.

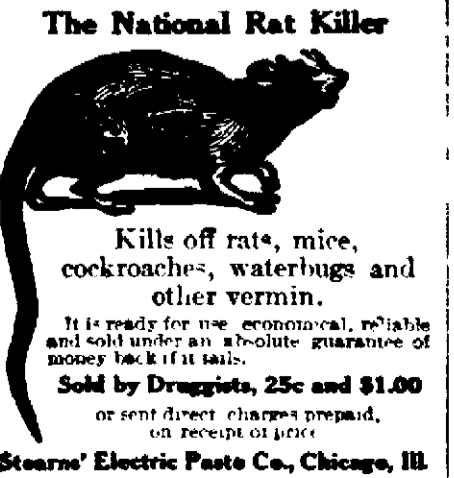

George Miller and M. R. Poulton of Bruno have improved their residences with a new coat of paint. Mrs. Jacob Jones who has been sick the past week has improved. Oscar Axline was a visitor in Columbus Saturday. Mrs. Albert Foster formerly of this place, died at her home in Thornville this week after an illness of several years. Funeral services were held at the Lutheran church in the city Wednesday morning. Mrs. Benj. LeCron died at her home near Zionsville Thursday morning. The funeral services were held at the Zionsville Brethren church in the city Wednesday morning. Uriah King is building a fine large stock barn on his farm here. Mr. and Mrs. F. O. Hockett of Zanesfield are here with their daughter, Mrs. Florence Miller, who is in a critical condition with tumor of the optic nerve. Among those who attended the Lancaster fair Saturday from this place, were: Lewis Winegardner, Mr. and Mrs. Ervin Miller, Sam Jones and wife, Mr. and Mrs. Dora Foster, John W. Drum and family, Mr. and Mrs. Allen Foster, Mr. and Mrs. Clyde Hite and Cleon King. George Clum has moved to the Sherman Custard property. Clyde Hite has purchased a gasoline engine. W. A. Saum of Oakthorpe, had the misfortune to lose one of his work horses this week. Anyone wanting chicken hawks shot should call on Andy Winegardner, the crack marksman. The other morning at day break he espied what he supposed to be a hawk. He fired a load from old "Kili nizer" and blew the object to smithereens. Upon investigating his kill it turned out to be a dark lantern his son Fred had set on the gate post when he left at an early hour that morning. Now Fred is in the market for a new lantern at pop's expense.

INDIANS MUST GO DRY.

Washington, Oct. 22.—The Supreme court held today that the Pueblo Indians were under the guardianship of the government and liquor could not be taken into their country without violating the federal law. The decision marks a long fight to distinguish those Indians who have lived in towns since long before the first white settlement in the United States, from the tribes which have been left to be wards of the government.

THE SHORT BALLOT

A Non-Partisan Appeal to the Voters of Ohio

PROFIT BY EXPERIENCE OF FEDERAL GOVERNMENT

THE Short Ballot movement is wholly non-partisan—all three political parties approved it in their Ohio platforms last year, and we therefore make this appeal to the voters regardless of politics in behalf of the Short Ballot Amendments to be voted on in November.

One of these two amendments gives the Governor power to appoint and remove the Secretary, Treasurer and Auditor of State and the Attorney General.

We think the most convincing reason why we should adopt this reform is so that Ohio may profit by that United States Short Ballot experience which has resulted in a much more efficient and honest government than the states have obtained by electing all officers, important and unimportant.

We vote only for the President and Vice President, and the President appoints the Secretary of State, Secretary of the Treasury, Comptroller and Auditor and Attorney General. This is just what the amendment proposes that the Governor shall do in the state government—appoint his own cabinet.

THUS, BY A VERY SHORT BALLOT WITH ONLY TWO NAMES UPON IT, WE ELECT THE PRESIDENT, WHO APPOINTS DIRECTLY AND INDIRECTLY MORE THAN 300,000 OFFICERS, AND SINCE THE MERIT SYSTEM HAS BEEN ADOPTED (WE ADOPTED IT IN OHIO LAST WINTER) THERE HAS NOT BEEN A SINGLE IMPORTANT NATIONAL GOVERNMENT SCANDAL.

How do our state governments compare with this record? Recent scandals in New York and Illinois make partial answer to this question, and the answer is completed by the fact that at this moment we have three Ohio senators in the penitentiary, and by the further fact that suits are pending to recover many thousands of dollars of public money appropriated to their own use by Treasurers of State and by an Auditor of State, all nominally elected by the people, but actually appointed by the state party machines.

THE SHORT BALLOT HAS PRODUCED SUCH GOOD RESULTS FOR 125 YEARS IN THE FEDERAL GOVERNMENT THAT IT IS SURELY WISE TO ADOPT IT INTO OUR STATE GOVERNMENT. We agree with Washington Gladden, that "Our stupendous experiment with the Short Ballot in electing a President is such a splendid success that we should boldly apply it to our state government."

Let the Governor appoint these administrative officers as the President appoints the Federal cabinet.

Invalid Men and Women

I will give you FREE a sample of Dr. Pierce's Pleasant Pellets that have brought health and happiness to thousands—also a book on any chronic disease requested.

During many years of practice I have used numerous combinations of curative medicines for liver ill. I have kept a record of the result in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery" a blood medicine without alcohol or other injurious ingredients.

R. V. PIERCE, M.D., Buffalo, N. Y.

Nature's Way Is The Best

Based deep in our American forest we find bloodroot, queen's root, marsh-mallows and other plants, and from these we have made a pure, pleasant, and powerful medicine, the "GOLDEN MEDICAL DISCOVERY." This medicine purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tonic builder and tonic you require.

Dr. Pierce's Golden Medical Discovery has the endorsement of many thousands that it has cured them of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, growling feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

"In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the 'Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be

expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken."

Sold in tablet or liquid form by all principal dealers in medicines, or send fifty one-cent stamps for trial package of tablets.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1,008 pages. Cloth-bound, sent postpaid on receipt of 31 cents in one-cent stamps to pay cost of wrapping and mailing only. Address: Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

May Robson in "Mrs. Mat Plummer"
The theatrical critic of the Ohio
State Journal has the following to
say of May Robson in her new play,
"Mrs. Mat Plummer," which is
shown at the Hartman theatre the
first three days of this week and
which will be seen at the Auditor-
ium theatre in this city Friday eve-
ning.

May Robson's new play "Mrs. Mat Plummer," opened a half-
week's engagement at the Hartman
theatre last evening. Both author
and actress have made Mrs. Mat
Plummer a very rare and enjoyable
person, and those who do not make
her acquaintance will miss some-
thing.

The new comedy by James Forbes
affords a fine chance for Miss Rob-
son's particular line of impersona-
tion as Mrs. Plummer.

The story of the play concerns a
newly rich family consisting of an
ambitious father, a mother slightly
behind the times and a reckless
young son. Son does several wild
things, and finally elopes with father's
secretary, while mother invari-
ably sides with son and makes
peace possible.

The interest chiefly lies in the
mother, who first appears just as
she has come fresh from Nebraska

MAY ROBSON.

In the Comedy, "Mrs. Mat Plummer" at Auditorium Friday, Oct. 24.

and who gradually becomes a little
more "town-broke," but retains her
first principles of native "horse
sense," as she calls it. Some splen-
did lines are given to her, and, in-
deed, the play all through bristles
with bright and laudable epigrams.
Says Mrs. Mat to her maid, "I al-
ways thought that a woman's past
life showed in her face," said the
maid replies at once, "Not if you
have it properly massaged."

Miss Robson hits off the charac-
teristics of the Middle Western
woman with a sure touch which is
most comfortable and enjoyable to
the beholder. The moment she
makes her entrance, we know that a
real person has come in, and we are
not long in doubt as to what kind
of person she is, though the more
we see of her the more likeable she
becomes.

"Lavender and Old Lace."

The United Play Co., Inc., which is
responsible for giving "Lavender
and Old Lace" to the stage as one
of the present season's important
theatrical adventures, has a large
number of successful productions to
its credit. The producers have been
careful to preserve in the fullest

what they want. It is said, "He has
produced success." Now the fact
is taken into consideration that in
a theatrical year there will be fewer
than ten real successes, the word
success takes a new meaning.

"The Great Divide," the play
billed to appear at the Auditorium
Tuesday, matinee and night, October
25, can be truly called a big success,
as it was first produced four sea-
sons ago, at the Princess and Daly's
theatres, New York city, where it
ran for 200 nights and has been re-
peated the number ever since. Every-
where it has met with success. The
play is from a book by the same
name and does into play form by
William Vaughn Moody.

Mr. C. S. Plummer, the producer,
has secured a complete scenic pro-
duction and an excellent cast, and
this will be one of the really good
things that will be seen here this
season.

Today will be the last opportunity
to witness the present offering at
the Orpheum as an entire change of
program will be given tomorrow,
including the feature pictures. The
present bill attracted capacity audi-
ences last night and anything
proved a better hit than on the
opening night. The Orma Sisters
introduced a new song last night
that proved to be a success as they
scored with "You Made Me Love
You." On the opening night. This is
the song that is being regarded in
almost every corner after arrival
in New York city and is proving a
big hit over here. Don't miss the
opportunity of hearing the Ormas
before they leave the Orpheum.

CAR HITS NITROGLYCERIN CANS

Boatmen, Oct. 22.—Struck
by a T. A. A. interurban a Brad-
ford, Va., auto truck loaded
with nitro-glycerin cans. Was
discharged and the car was knocked
off its wheels. The nitro-glycerine
in the cans was not set off and ex-
posed to the air.

Incidentally Mr. Alcott paid the
dramatist Miss de Forest, a very
pretty compliment. After reading
the dramatization, he remarked: "If
Aunt Louisa were alive today, I be-

lieve that is just the way she would

"The Great Divide."

If the producing manager knew
what the theatre-going public want,
there would be fewer failures and
poor shows; but as he is invariably
the last person who really knows
what they want and when by some
creek of fortune he does give them

what they want. It is said, "He has
produced success." Now the fact
is taken into consideration that in
a theatrical year there will be fewer
than ten real successes, the word
success takes a new meaning.

"The Great Divide," the play
billed to appear at the Auditorium
Tuesday, matinee and night, October
25, can be truly called a big success,
as it was first produced four sea-
sons ago, at the Princess and Daly's
theatres, New York city, where it
ran for 200 nights and has been re-
peated the number ever since. Every-
where it has met with success. The
play is from a book by the same
name and does into play form by
William Vaughn Moody.

Mr. C. S. Plummer, the producer,
has secured a complete scenic pro-
duction and an excellent cast, and
this will be one of the really good
things that will be seen here this
season.

Today will be the last opportunity
to witness the present offering at
the Orpheum as an entire change of
program will be given tomorrow,
including the feature pictures. The
present bill attracted capacity audi-
ences last night and anything
proved a better hit than on the
opening night. The Orma Sisters
introduced a new song last night
that proved to be a success as they
scored with "You Made Me Love
You." On the opening night. This is
the song that is being regarded in
almost every corner after arrival
in New York city and is proving a
big hit over here. Don't miss the
opportunity of hearing the Ormas
before they leave the Orpheum.

pretty compliment. After reading
the dramatization, he remarked: "If

lieve that is just the way she would
have written it herself." Seat sale

MME. DE MAREE TO APPEAR SOON IN NEWARK

Newark is to be complimented and congratulated in having Mme. De Maree, the noted concert organist and pianist, appear here in her first concert tour of America. Her rendition of the old masters is described as wonderful in technique, expression and individuality which are so marked in this young artist. It is indeed a rare treat to the music lovers of Newark and promises to be one of the greatest musical events in the city's history. The engagement is expected to be an auspicious one, not only from point of interest but also the attendance.

GERMAN

(Continued from Page 1.) come might influence an American policy toward Great Britain in other questions pending.

Admits Mistake.

(Associated Press Telegram) London, Oct. 22.—It cannot be denied that President Woodrow Wilson had some grounds for complaint against British policy in Mexico, says the Globe, commenting today on the Mexican situation. The newspaper considers that a grave mistake was made by the British foreign office in its overhasty recognition of Provisional President Huerta, which was in such marked contrast with its recognition of King Peter of Serbia.

The Globe advances the view that the foreign office attitude lends color to the suspicion that its policy is dictated either by political considerations than by regard for the real interests of the nation. The London newspapers are just awakening to the possibility of an embroilment between the United States and Great Britain over the Mexican situation.

Their warnings heretofore have all emanated from Washington and New York correspondents, the views of the British government as made known in the United States through the Associated Press not having been published here.

The Pall Mall Gazette today says: "There is evidently a grave misunderstanding between this country and the United States in regard to the Mexican crisis which should speedily be removed. There are elements of danger in the situation which may easily arouse strong feeling on both sides of the Atlantic."

FRANCE ORDERS ARMORER CRUISER TO MEXICO

(Associated Press Telegram) Paris, Oct. 22.—The French government today ordered the armored cruiser Conde to proceed to the Mexican coast to protect French interests. The cruiser was ordered today to take on board ammunition and coal and proceed as quickly as possible to Mexico.

STATE OFFICER A WITNESS IN EATON TRIAL

(Associated Press Telegram) Plymouth, Mass., Oct. 22.—A typewritten paper found in the home of Rear Admiral Joseph G. Eaton, a few days after his death last March, was described as the will of Mrs. Jennie May Eaton, the widow, by State Officer John Scott in his testimony today at the trial of Mrs. Eaton.

Under the terms of the document, all property was bequeathed to Mrs. Eaton's elder daughter, Mrs. June Kewes. The paper was incomplete and unsigned. Officer Scott was unable to give its date and could tell only its substance. Previous reference to this document was made last week during the testimony of Mrs. Eaton's younger daughter, Dorothy Ainsworth.

The prosecution contended that since Dorothy had testified that she and her mother were the only members of the family who could operate a typewriter and that she had not written it, it was fair to the jury to infer it was the author.

The police investigation of Admiral Eaton's death was the subject of Scott's testimony. On his first visit to the Eaton home on March 16, Mrs. Eaton told him that she could not see the necessity of an investigation, as the doctor had pronounced death due to natural causes. She also said that at the admiral's death she found a morphine and that she had handed her jewels to pay his bills although she knew he was trying to poison her.

Scott said he was unable in a search of the drug stores in a vicinity, or in Boston, Washington, Georgetown, D. C., and Alexandria, Va., to find anyone that had ever sold poison to Mrs. Eaton.

Findlay Man Dies in Marion Hospital

He was picked up by the police last night and locked up in the belief that he was suffering from the effects of liquor. Investigation showed that he was a total abstemious.

BENEFICIAL ASSOCIATION OHIO ELECTRIC

The Sherwood hotel was thronged on Tuesday with visitors from all the state of Ohio who were in the city to attend the semi-annual meeting of the Grand Council of the Ohio Electric Beneficial association. The meetings extend over but the one day.

The beneficial association of the Ohio Electric Railway has become one of the important beneficiaries of employees of the state. There are seven chapters of the association and each chapter sent four representatives to the Newark meeting. A convention is held twice a year, the spring meeting having been held in Columbus, when the officers of the organization were elected and minor business matters transacted. At the morning sessions the report of the receipts and disbursements was made, and about 50 representatives and guests were present. Among the prominent guests were the officials of the Ohio Electric Railway company.

The association has been organized about five and one-half years and in that time has received an approximate sum of \$74,000 from the company and other donations. The Ohio Electric company makes an annual donation of about \$6000.

The disbursements made since its organization show a sum amounting to about \$70,000. This includes sick benefits, death benefits, salaries and miscellaneous benefits.

The death list shows that 22 members have died since its institution which caused an accrued disbursement of \$25,486.

The four representatives from each chapter, its officers and the following grand officers were present: President of the Grand Council, J. W. Showman of the Newark chapter; Grand First Vice President, C. M. Ozden of Springfield; Grand Second Vice President, Charles Curran of Columbus; Third Grand Vice President, A. C. Starkey of Lima; Grand Secretary and Treasurer, George A. Beckathorn, of Dayton; and Grand Sergeant at Arms M. L. Young of Zanesville.

COUNTERFEITERS OUTFIT FOUND IN LOUISIANA

Alexandria, La., Oct. 22.—What United States secret service men said was an excellent counterfeiters' outfit was found in the woods near Thibodaux, La., late last night. The "plant" was discovered near the home of James Cooks, an aged man and his son, S. L. Cook, who were arrested here Saturday night and held pending investigation. Negatives of five and ten dollar bank notes and cleverly made counterfeit money were found, the officers declared.

CIRCULATION OF REPORTED INJURY TO POLICE CHIEF

Telephones in the Advocate office and at police headquarters rang almost continuously for an hour or so Wednesday morning when a rumor was circulated that Police Chief Sheridan had been injured. Telephone inquiries were told that there was no truth to the report. Some of them declared that it was reported that the chief had been shot. He greeted the reports with a chuckle and declared that he never felt better in his life. How the rumor started, the officials at headquarters were unable to explain. They were content with the knowledge that there was no truth to the wild rumor.

Important Meeting.

There will be a meeting of the members of the Democratic City Executive Committee and all workers, Thursday evening at 7:30 o'clock at Democratic headquarters in South Third street.

BRIDGE TROUBLE CAUSED DELAY OF THE B. & O. TRAINS

Settling of the B. and O. railroad bridge at Mt. Vernon in course of the night, caused five hours' tie-up in traffic on the Sandusky division Wednesday morning.
